Westfield Fasteners Product Specification:

JRP Blind Rivet Tool RD50

Product Description

The JRP RD50 blind rivet tool is hand operated and is designed for use with rivets from 3.0mm to 5.0mm in diameter. Also known as blind rivet pliers, the JRP RD50 is supplied with 3 additional diameter nose pieces, located and stored inside the handle.

The JRP RD50 is a medium duty riveting gun, with long ergonomic handles for comfort and to reduce effort while using. The strong and slim body of the tool allows for easier access to the fixing point. The JRP RD50 design incorporates a mandrel collector for cleanliness and safety. Table 1 below displays the rivet diameters and materials compatible for use with this tool.

The tool is supplied with interchangeable nose pieces, and replacements for these can be found on our website.

Product dimensions:

- Overall length: 360mm.
- Overall width: 130mm.
- Weight: 850g.
