Westfield Fasteners Product Specification:

JRP Blind Rivet Tool SC350B

Product Description

The JRP SC350B plier is a hand operated blind rivet fitting tool and is designed for use with rivets from 2.4mm to 5.0mm diameter. This tool is supplied with 3 additional nose pieces to suit the various rivet diameters, and are stored inside the tool's handle.

This riveting tool is ergonomic, strong and slim to allow for easier access to the fixing point. Table 1 below displays the rivet diameters and materials compatible for use with this product.

The tool is supplied with interchangeable nose pieces, and replacements for these can be found on our website.

Product dimensions:

- Overall length: 250mm.
- Overall width: 210mm.
- Weight: 570g.
